## Helpful Hints

The virtual classroom will open at 9:25 a.m. CST and class will start promptly at 9:30 a.m. Please try to join at least 5 minutes early to troubleshoot any connectivity issues. For the best viewing experience, I suggest you use your computer or tablet to access Zoom (since they have larger screens). A smart phone, however, will also work fine. You may want to download the free Zoom app in advance. On a side note, please do not use two devices at once as it tends to generate audio feedback over the line.

## First time using Zoom?

If it's your very first time using Zoom, please see below instructions on different ways you can join:
